- Course Outcomes
  1. Use grammar and vocabulary appropriately while writing and speaking
  2. Apply the concepts of communication skills in formal and informal situations
  3. Write clearly and significantly in academic and general contexts

Q.No	Question	M	CO	BL
1.	Read the given scenario and answer the following questions in 200 -250 words. A software development team is working on a critical project with a tight deadline. During a meeting, Alex, the lead developer, explains the project requirements to the team. However, Alex speaks quickly and uses highly technical language. New team member Priya, unfamiliar with the company's workflow and tools, hesitates to ask for clarification because she fears being judged. As the deadline approaches, Priya's work doesn't align with the project requirements, causing delays. 1. What are the main communication barriers in this scenario? (5 marks)  2. How could Alex have ensured better communication during the meeting? (5 marks)	10	2	3
2.	Explain the steps involved in the process of communication. (200 -250 words)	10	2	2
3.	a. Correct the errors and rewrite the sentence. i. Sam, along with his parents, are going to Singapore. ii. Each of the books are worth reading. iii. The number of candidates for the interview are less today. iv. Neither of the answers are correct. v. He is one of the players, who have won a number of medals.	10
