Q. No	Question	M	CO	BL
1.	Distinguish between primary socialization and anticipatory socialization. How would you assess the situation if the agents of primary socialization are influenced and dominated solely by social media?	10	5	3
2.	Compare and contrast in-groups and out-groups. Imagine being a member of one group at a time, and analyse your observations as you alternate between both groups.	10	3	4
3.	Culture and civilization are frequently perceived through binary distinctions. Critically examine this statement by either differentiating or integrating the components of culture and civilization.	10	3	4
4.	Do you believe that a person's development is shaped by socialization through various agents? Explore the roles of different agents that are significant at specific stages of socialization	10	3	5
5.	Grasping anthropological studies focused on cultural aspects like language, food, storytelling, and rituals enables us to better understand the world outside the prevailing ideologies of our environment. Elucidate.	10	5	2
